C Composite House for Terre Haute

Can you find the shape of an arrow?

D TREE

What information is contained on the limestone pillar that's nearby? Just for fun, use your body to make the sculpture plural.

E Flame of the Millennium

B Gatekeeper

Is the sculpture one continuous piece?

G Runner

Where did the artist sign his name? Is the Runner running away from or towards the nearest door?

J Free Fly

The artist welded three propellers blades to make the sculpture. Can you find them? Can you find the parts that make the sculpture look like a human?

K A Chorus of Trumpets

Why did the sculptor give this name to his work? Can you find other shapes nearby that may have inspired this sculpture?

L Renewal

What makes the area inside the leaf blue? How many contacts does the leaf have to the ground?

M ISU Sphere

How many "star" shapes can you find on the sphere? Can you find any shapes that look like a crow? Look through the shapes to see inside the sculpture.

If you suddenly were a stone sculpture, what one book would you want to be reading forever?

P Urban Flowers

If you were a cheerful flower, where else would you want to pop up and bloom in Terre Haute (or anywhere)?
